EARTHQUAKE.

Campbell Escaped Any Serious Damage.--No Lives Lost.

The world stands aghast at the great catastrophe which has come upon San Francisco, Santa Rosa, San Jose, Santa Cruz, Hollister, Salinas, and other small towns along the coast from San Francisco south to Salinas, a distance of some 150 miles. Below that point there was no damage so far as we have heard—there being no shock felt. Even in this county there are places where no damage was sustained. And the peculiar thing about the thing is that the massive stone buildings of Stanford University, costing millions of dollars to construct, are completely ruined, while hundreds and thousands of flimsy houses and barns remain apparently uninjured. Of course the damage to San Francisco puts former American catastrophes into insignificance. The Chicago and Boston fires were small compared to the San Francisco one as to area and monetary loss. Practically not a business building remains, with the exception of the small stores and offices on the outskirts. Upwards of a billion of dollars will be put into new buildings within the next five years. It will be a greater and grander city when completed. In the meantime Oakland, Berkeley and other cities and towns around the bay will make phenomenal growths. Business men of San Francisco will hereafter make the suburban towns their homes, where cosy cottages will be built with all the advantages of city life. Across the bay and down the peninsula as far as Los Gatos will be the future bed chamber of the city business men. New suburban electric car lines will do for this

Are You Planning to Remodel?

If you contemplate remodeling your present home now or in the near future, you should study the subject of Plumbing. Good plumbing is one of the happiest features of a modern home. It not only contributes to the comfort and health of the occupants, but is a source of pride to the owner.

We will gladly discuss plumbing with you and give you the benefit of our experience. Having installed modern plumbing systems in numerous fine homes we can refer you to many satisfied customers. A little knowledge on the subject will be beneficial to you in the selection of the best material and fixtures, and in their proper location throughout the house.

If you will call to consult us, we will show you the samples of "Standard" Ware we have in our showrooms and quote you prices. "Standard" Ware is the best plumbing material made—every piece is guaranteed. Ask for our illustrated booklet "Modern Home Plumbing."

San Jose

valley what they are doing for the cities and towns around Los Angeles.

San Jose suffered severely by damaged brick and stone buildings, but fortunately the water system was not damaged and the fire department was able to control the one large fire that threatened to destroy the business section. Nearly all of the damaged business firms have opened up in a limited way either in their former or in new quarters. The county lost severely on account of damage done to the new Hall of Justice, just completed at a cost of \$300,000. It is a mass of ruins. The Hall of Records and the Court House suffered severely. The new buildings constructed will be erected with the thought of more substantiability. This catastrophe has taught the people a dear lesson in regard to the folly of erecting poorly constructed brick buildings. The loss of life in San Jose was small considering the damage done. As far as is known only nineteen were killed. Many narrow escapes are recorded and deeds of heroism are plentiful. San Joseans slept out of doors in large numbers for several days, fearing a repetition of the quake. Now they are getting down to hard work, with eyes fixed on the future, more determined than ever to conquer.

Campbell came through the trouble hardly singed. The two water tanks of the Campbell Water Co., which held 60,000 gallons of water, were a mass of kindling on the ground; the county water tank at the school was down; the windows in front of the I. O. O. F., which is occupied by the Campbell Drug Store and the INTERURBAN PRESS, were knocked out; the front show window of Mrs. Sutter's restaurant went out; the Farmers Union lost one; the large window in front of A. E. Howe's barber shop was destroyed, as well as the one next door in the same building. As far as we have been able to discover that is all the damage done in town, aside from broken plaster and toppling chimneys. Some dwellings will have to be partly replastered, among the number being those of J. H. Campbell, L. J. Stratton, and E. C. Hurlbert. Many of the splendid country residences were no doubt injured by broken plaster. We have heard of one such, that of C. B. Archibald on Cypress avenue. Henry Campbell's large chimney went through to the basement, tearing things up pretty badly; L. J. Stratton's large fire place and chimney, which was completed the day before the quake, fell through to the basement.

EARTHQUAKE NOTES.

Those of our citizens who had cloth and paper houses, which are in the majority, suffered no damage. The wood fibre plaster also stood the test.

It was fortunate that Mr. Ainsley's tank remained up and that he was able to connect with the town pipes, thereby giving the people water. The tanks which furnish the Sunnyside Tract with water were not injured.

There were plenty of roof parties the past week. On getting upon the roof a person could see a man cleaning bricks in which ever way he looked.

Several of our citizens made trips to San Francisco as soon as the news reached here of the seriousness of the calamity.

The several lodges of the town have been meeting in the Coffee Club hall, pending an investigation of the damage done to the I. O. O. F. building. Aside from broken glass and plaster it is thought no serious damage has been sustained.

The insurance companies have issued a warning to those with damaged chimneys, saying that insurance money will not be paid if fire is caused by defective chimneys, unless the same have been first examined by a duly authorized person. This is important.

In harmony with the other banks, the Bank of Campbell has been closed until the proper time arrives for opening, which will be as soon as the city bank vaults can be got at and money secured which is stored there in large amounts. The banks are all solvent.

Two much praise cannot be given the cities, towns, organizations and individuals for the marvelous way in which relief has been given the sufferers. Millions of dollars has been subscribed to the relief fund and the prompt manner in which the stricken ones have been cared for with food, clothing and shelter is almost past belief. Surely these acts of mercy will receive just reward.

Rheumatism Makes Life Miserable.

A happy home is the most valuable possession that is within the reach of mankind, but you cannot enjoy its comforts if you are suffering from rheumatism. You throw aside business cares when you enter your home and you can be relieved from those rheumatic pains also by applying Chamberlain's Pain Balm. One application will give you relief and its continued use for a short time will bring about a permanent cure. For sale by Farmers Union, Agent.

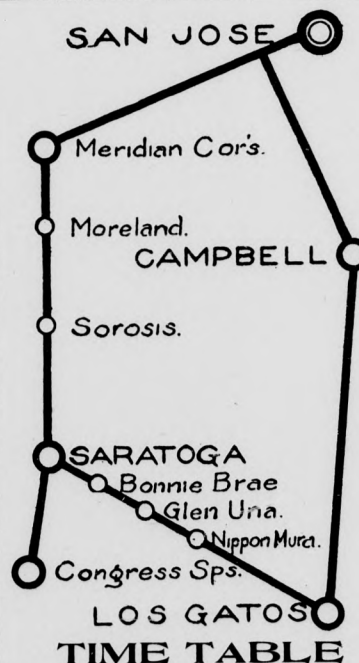

KRYPTOKS

"By arrangement" between "Foster Optical Co." and "ourselves" they will hereafter furnish "Kryptoks," invisible bifocals.

THE MORAL AWAKENING AGAINST GRAFTING

By
JOSEPH W. FOLK,
Governor of
Missouri

THE moral awakening that is now sweeping the country is simply the PATRIOTISM that comes FROM THE HEARTS OF THE PEOPLE, a determination to stamp out the things that dishonor in public life and the things that oppress in private life—a firm resolve that GOVERNMENT SHALL BE REPRESENTATIVE OF THE GOOD, NOT OF THE BAD.

A few years ago men would give and take bribes and still consider themselves honest. They have been taught better now. THE PUBLIC CONSCIENCE HAS BEEN AWAKENED to the necessity of putting a stop to the offense that strikes at the heart of free government.

The energies of this public conscience are being extended from the domain of the public wrongdoer to that of the private wrongdoer and PROBING INTO THE CARRYINGS ON OF RASCALS OF EVERY KIND. The officials of some of the great insurance companies were found to be using the trust funds in their hands without authority for their own gain. They, too, no doubt, considered themselves honest, and they, too, now HAVE LEARNED THE GREAT LESSON.

In our national congress our representatives are now dealing with the question of exterminating the RAILROAD REBATE GRAFTER AND SPECIAL RATE GRAFTER. Railroads are the arteries of commerce. They are necessary to the development of our vast resources and are entitled to fair treatment the same as individuals, and no more. They should be given EQUAL AND EXACT JUSTICE, BUT NO SPECIAL PRIVILEGES.

THE POWER TO FIX FREIGHT RATES IS THE POWER TO TAX AN INDIVIDUAL OR A COMMUNITY, AND THE POWER TO TAX IS THE POWER TO DESTROY. THE REGULATION OF RATES IS ESSENTIALLY A MATTER FOR THE GOVERNMENT, AS THE REPRESENTATIVE OF THE PEOPLE, TO TAKE A HAND IN, IN ORDER THAT JUSTICE MAY BE DONE THE PEOPLE WITHOUT DOING INJUSTICE TO THE COMMON CARRIERS.

Upon the same principle the government has the right to REGULATE THE CHARGES to be exacted from the people BY ALL MONOPOLIES. WHEN any number of INDIVIDUALS SECURE A MONOPOLY on some necessity of life AND EXACT from the people MORE THAN THE NATURAL PRICE, THAT IS GRAFT. SUCH ARE THE GREAT MONOPOLIES OR TRUSTS THROUGH WHICH SUCH COLOSSAL FORTUNES HAVE BEEN BUILT UP in the last few years.

This movement against graft is NOT a movement AGAINST WEALTH, BUT AGAINST THE ABUSE OF WEALTH. The distinguishing characteristic of this crusade for HIGHER IDEALS IN PUBLIC LIFE AND IN PRIVATE BUSINESS is the conservatism of the people.

ANY OFFICIAL WHO FAILS TO CARRY OUT HIS OATH to enforce the laws IS A TRAITOR to his oath and the people he represents. The time will come when official oath breaking will be no more submitted to than official grafting. The lawlessness of dramshops, dive keepers, of gamblers and of trusts SHOULD NOT BE COUNTENANCED ANY MORE THAN TRAIN ROBBERY or any other form of outlawry. Men may acquire wealth by any form of lawlessness or graft, but it is THE WEALTH OF THE BUCCANEER AND THE PIRATE and not that obtained through natural means.

The people oppose the artificial ways in which many immense fortunes have been accumulated. **THE LAWS OF NATURE CAN-NOT BE FOREVER DISOBEYED** without bringing disaster. It is impossible for any of the great fortunes of hundreds of millions of dollars that have been piled up through the graft system to be acquired naturally.

If Christ had avoided the cross or if any one of those who walked with him had remained on earth with man and **PREACHED THE GOSPEL** of salvation **FROM THAT DAY TO THIS** and the world had paid him for every day of the nineteen centuries **A SALARY OF FIVE HUNDRED DOLLARS A DAY**, and he had saved every cent of it, **HIS PILED UP FORTUNE WOULD NOT NEARLY EQUAL THAT OF MR. CARNEGIE.**

HAD PROVIDENCE ORDAINED THAT ADAM, THE FIRST MAN, SHOULD HAVE LIFE ETERNAL HERE, AND AS THE RULER OF HIS MILLIONS OF DESCENDENTS HE HAD RECEIVED A SALARY OF \$175 A DAY, HIS 6,000 YEARS' SAVINGS WOULD NOT BRING HIS FORTUNE UP TO THAT OF MR. CARNEGIE.

Yet the wage of the average man is nearer \$1.75 a day than \$175, and instead of living six thousand years the span of his life barely reaches forty years. If a man were to receive a salary of \$10,000 a year and save every cent of it he would **HAVE TO LIVE FIVE THOUSAND YEARS** before he could match his **FORTUNE** with that of **THE PRINCE OF CULS**, acquired through the system of special privileges.

Painted Floors

are cooler and more healthful in summer than carpeted floors. Paint your floors with **The Sherwin-Williams Floor Finishes**—

they are the best floor finishes sold. They are made from materials especially selected because of their capacity for hard wear. They are made to stand the wear and tear that floor paints are subjected to. Easily applied; dry quickly.

THE SHERWIN-WILLIAMS FLOOR FINISHES:

The S-W. Inside Floor Paint—for inside floors.

The S-W. Porch Floor Paint—for outside use.

The S-W. Floorlac—stains and varnishes at one operation.

Mar-not—a durable floor varnish.

The S-W. Floor Wax—for producing a wax finish.

The S-W. Crack and Seam Filler—for filling up cracks and seams.

CAMPBELL, CAL.

OBITUARY.

Mrs. Rosena E. Giles, of Ball's Ferry, died at the home of her oldest son, J. W. Giles, on Clear Creek, April 8, 1906, at 4 o'clock in the afternoon. Mrs. Giles had been in rather poor health for some time and went up to her son's on a visit March 29th. She was taken sick almost immediately with an attack of heart trouble, from which she had suffered for years. She rallied from this but suffered a paralytic stroke shortly afterward, from which she never recovered.

Mrs. Giles was 71 years and 7 days old. She was born in Wisconsin and came to California with her mother, Mrs. Eliza Hartsough, who survives her, in 1851. She married J. K. Giles on July 21, 1853. Eleven children were born to them of whom eight are living. They came to Shasta county in 1879, removing to Ball's Ferry ten years later, where they lived ever since. Her husband preceded her to the grave, but she leaves to mourn her loss her mother, Mrs. Eliza (familiarily called "Grandma") Hartsough, and her children, Mrs. Ella Kennedy, and Mrs. May Fritz of Campbell, J. W. Giles of the Lucerne Ranch near Redding, Mrs. Clara Wilcox of Ball's Ferry, Ernest, Chauncey, Myra and Rose Giles of Ball's Ferry.

She was buried from her home at Ball's Ferry, Tuesday, April 10, interment being in the Parkville Cemetery. Her death is a sad blow to her family and friends. Mrs. Giles was one of the type of American women who are alas! becoming too few in this age of strenuous progress, who lived solely for others, with no thought of herself. The duties that lay nearest to her were the ones and mother could always be depended on to do what was necessary no matter if it were agreeable or disagreeable. Of strong and active temperament, both in body and mind, none realized how much the years and duties wore on her until too late. She was always busy, helpful, uncomplaining. She never grew old, but when her time came, went quickly and painlessly to her well-earned rest, leaving a place in the world that may be occupied but can never be filled.

Chamberlain's Salve is good for any disease of the skin. It allays the itching and burning sensation instantly. For sale by Farmers Union, Agent.

Notice of Annual Meeting of Stockholders.

Notice is hereby given that the Annual Meeting of the Stockholders of the Campbell Fruit Growers' Union, a corporation, will be held at its place of business in Campbell, California, Wednesday, May 9th, 1906, at 10 o'clock a. m., for the following purposes:

FIRST: To receive the report of the officers.

SECOND: To elect a Board of Directors.

THIRD: To make such changes or amendments to the By-Laws as may be deemed wise.

FOURTH: To transact any and all other business that may properly come before that meeting.

JOS. H. RUCKER, President.

S. G. RODECK, Secretary.
Campbell, Cal., April 26th, 1906.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Ia. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Sold by Farmers Union, Agent.

The Main Highway.

Southern and Union Pacific Railways, via Ogden, across Great Salt Lake to Omaha, Kansas City, Chicago and East. The great transcontinental trunk line with magnificent, fast, daily, overland, limited trains and personally conducted tourist excursions in quickest time. All tickets good via San Francisco. See nearest Southern Pacific Agent.

Dr. C. R. Brown, pastor of the First Congregational Church of Oakland, and having a national reputation as a speaker and lecturer, will deliver a lecture on "The Greatest Man of the Nineteenth Century" in the Campbell Congregational Church May 7, 1906.

You are cordially invited

Under the Leadership of
Miss Fassett, a Deacon-
ness

The Grange.

At the last meeting of Orchard City Grange there was an unusually large attendance. We had with us as a welcome visitor Worthy Master Hugh Leigh of San Jose Grange.

After reports of committees a reading on Easter time by Mrs. Lester was listened to. Under "Good of Order" short speeches were made by several members. There was also a lively discussion of chickens, especially white Leghorns. Brother Clendenning who raises this breed extensively announced he did not believe in cooperation, whereupon Brother Keesling called upon all present to decide if raising hens could be anything but cooperation, as the man helps the hen get a living and the hen helps the man get a living.

Orchard City Grange at its next meeting will entertain its friends at an "At Home," it being the third anniversary of the grange.

Back Again.

The PRESS editor and family arrived home Wednesday from Los Angeles. When the quake came they were in the fourth story of the Rosslyn Hotel—having arrived but four hours before. There was no shake there and it was not known until the eight o'clock "extras" told the story. But nothing was heard from San Jose until afternoon, and then only meagre reports.

While there we saw C. L. Willett and Luther Janes, formerly of Campbell. They are doing well. After visiting relatives and friends in Pasadena, Riverside and Whittier we started for home Tuesday morning, after having received word direct from Campbell. Trains were crowded, those going south carrying refugees, those coming north bringing the anxious friends. Delays were numerous because of landslides, damaged bridges and tracks and congestion caused by relief trains.

There is certainly much to be learned from our southern brethren in the matter of architecture, town beautification, well kept yards and vim and enterprise generally. We need to catch the spirit of the "city beautiful."

The lecture which was to have been given this Friday night by Hon. Warren Olney in the High School Lecture Course is indefinitely postponed.

SCHOOL ATTENDANCE.

Statement as to Attendance at the School.—Condition of Buildings.

School opened on Tuesday with an attendance of less than 50 per cent, but as confidence is being gradually restored it has increased till now in all the rooms except Miss Brown's it is nearly normal.

After a thorough inspection of the buildings by the faculty and some of the trustees we are satisfied that they are staunch and safe. There is no need for any alarm as to the safety of children in the school buildings or on the grounds. They are just as safe here, and in many cases perhaps, safer than they would be at home or on the streets.

C. F. RUBELL,
Principal.

PRESS NOTES

Avery Kennedy came up from San Luis Obispo upon hearing of the damage by the quake.

Mrs. Martinie asks a continuance of the patronage so liberally given when in business before.

The W. C. T. U. will meet with Mrs. C. H. Whitman, Wednesday, May 2nd, at 2.30 o'clock.

Sunday afternoon at 3 o'clock the Rev. Mr. Newberry of Santa Clara will preach in the Coffee Club hall.

Miss Floy Lloyd hastened here from Nevada upon hearing the exaggerated accounts of the disaster to Campbell.

Dr. Miner reports the advent of a nine pound baby girl, April 20, at the home of Mr. and Mrs. John F. Canright.

The special services at the M. E. Church have been in progress this week and will continue during the coming week, under the leadership of Miss Fassett, the deaconess. A cordial invitation is extended to all to attend these services.

O. N. Farley made a very quick flight from Campbell on Tuesday of last week, and several creditors would like to know of his whereabouts, chief among whom are J. W. Hunt & Son, a tobacco concern, and others. Mrs. Farley left the day of the quake. It was fortunate for telephone users that Mrs. Martinie and sons were here and they took immediate charge of the business, the boys repairing all damage to the lines caused by the quake.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanorgan, provincial Constable at Chapeau, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by Farmers Union, Agent.

HONEST DENTISTRY

It is only a matter of simple calculation to show that good dentistry can be given with low prices. It is the dentist who has only a few patients that must charge high prices. The dental office that is kept busy can easily afford to give lower rates. It is only another kind of quick sales and small profits.

7423 Patients Recommend Us.

We employ none but skillful dentists of long experience. Our methods are guaranteed to be absolutely painless and perfectly antiseptic. No charge for extraction of teeth unless they are painlessly removed. Where the patient orders a plate we do not charge for necessary extractions. We restore decaying teeth, we replace lost teeth and beautify sound teeth.

We guarantee for fifteen years our plates and bridge work to fit, to be comfortable, serviceable and natural. A discount of 10 per cent to out-of-town patients who pay railway fare to San Francisco.

PRICES:
Perfect-Fitting Plates \$3.00
Pure Gold Crowns 2.50
Natural Bridge Work, per tooth 2.50
Permanent Fillings50

WILD FLOWER BORDERS.

A Constant Succession of Woodland Beauty to Be a Vogue.

A wild flower fad is predicted for this season.

With the first touch of spring, before the snow and ice have disappeared from the more densely shaded places, the first wild flowers begin to bloom, and there is a constant succession of gay blossoms, increasing in splendor until late in September, when many of the wild flowers are at their best.

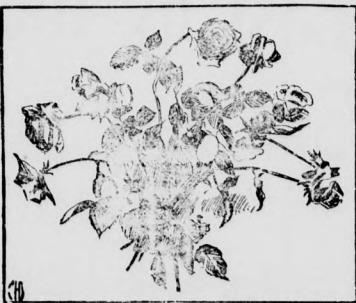

By making trips to the woods at various seasons the flower lover may transplant such specimens of each variety as please his fancy. At home a bed should be prepared for them, placed where the plants may have some protection from the hot sun and be watered regularly. The soil should be thoroughly enriched with well rotted manure or some commercial fertilizer.

It is best to plant the wild flowers as a border, with all varieties mixed, as most of them are perennials, and it will be unnecessary to replant the border yearly except to replace those that die. Owing to the different flowering seasons of the several varieties, if the bed is well furnished with many sorts there will be a constant succession of bloom all the summer.

It is best to begin working the ground for the bed as soon in the spring as it is dry enough. The transplanted flowers should be carefully and regularly watered until they are well established. Afterward it is only necessary to keep the weeds out. The seeds of many of the best wild flowers can be purchased of the seedsmen.

New Pink Seedling Rose.

A new pink seedling rose originated from Liberty and Alice Roosevelt is on exhibition by a Washington florist, and a writer in Gardening says of it: I venture the prediction that even in this day of rapid multiplication of new varieties this rose will create a sensation among fanciers. It is cerise pink.

NEW ROSE COLUMBIA.

much brighter than American Beauty and has a better shaped bloom. In stem and foliage it is above the average of tea roses, but in keeping qualities it promises to be a record breaker. In the Washington exhibit blooms four days old were placed side by side with others that had just been cut, and the old blooms were as bright in color as the new.

In the Fruit Garden.

Strawberries—Carefully remove all the fruit stalks from newly set plants. Cultivate and procure mulch for the fruiting beds.

Blackberries—Clean up the old patches and get them ready for fruiting. If new plantations are to be made set plants early. Select the variety best suited to your locality. Have the

ground in productive condition for ordinary farm crops and especially well drained, for the blackberry is as sensitive to water as any other fruit.

Raspberries—Treat them about the same as blackberries except that they like richer soil.

Currants—Trim old bushes and plant new ones early. The ground should be rich and kept clean. If well taken care of currants pay.

If You Like Red.

Here is a varied assortment of plants, with crimson and scarlet and purple red flowers, with which to gratify a taste for the king of colors: Geraniums, poppies, peonies, zinnias, asters, scarlet sage, cardinal flower, Japanese quince, red lilies, carnations, stocks, begonias, burning bush and cockscomb. Then there are the roses, any number of them: The Ramblers, Crimson, Philadelphia and Baby, the Jacqueminot, American Beauty, Anna de Diesbach, Prince Camille de Rohan and a host of others.

SMALL TWIGS

The fruit growers of the east have yet to learn the lesson of co-operative marketing as practiced on the Pacific coast.

Some fruit gardens are fertilizer sick. They have been dosed with large quantities of high grade fertilizers, but the humus content of the soil has not been kept up.

Kieffer and Le Conte are the lazy, poor man's pears, as they will not stand good manuring and much cultivation.

The up to date fruit grower is the man who is in love with his work and does it because he is in love with it as well as to get his living out of it.

After a long experience with hundreds and thousands of peach trees, if I were going to plant an orchard and a man would either give me large trees or I would have to pay for medium trees I would pay for the medium ones, says Charles Black of New Jersey.

Quinces are surface feeders. Give them rich soil and clean cultivation.

Remove all buds on budded stock except the one inserted.

Wild Flowers and Plants.

"Let us go a-Maying."

The dainty wild arbutus is still in bloom.

Spring wood flowers are more plentiful during the month of May than at any other time in the year.

Some of the wild flowers if transplanted bloom well in our gardens. Among these are the silenes, wild violets (Viola pedata is finest of all), trilliums, cypripediums (Tiarella cordifolia), the tiny dwarf iris (Q. verna), wild columbine and many others.

Ferns are excellent for beautifying shady and dingy corners. Give them a light and well drained soil. Many native ferns are highly ornamental and require only a little care in watering in the dry season.

A Living Monument.

Ex-Governor Hogg, who died recently in Houston, Tex., on the evening before his death talked at length of the kind of monument he wished. "I want no monument of stone," he said, "but let my children plant at the head of my grave a pecan tree, and when the tree shall bear let the pecans be given out among the plain people of Texas, so that they may plant them and make Texas a land of trees."

Golden State Limited.

Unexcelled in equipment and time, Los Angeles to Kansas City, St. Louis and Chicago via El Paso and Rock Island route. Shortest mileage,—straightest route. Personally conducted tourists cars. C. Berry, agent, Campbell, or E. Shillingsburg, D. F. & P. A., San Jose.
